## PROJECT ADVANTAGES

- the possibility of concluding an investment agreement with the Republic of Belarus
- location in a large industrial center (Lida) on the border of the EU and the EAEU
- access to the EAEU market within the framework of a single customs union

Export of products made of cement, concrete and stone from the Republic of Belarus, 2015-2019, \$mln

Sales markets for products made of cement, concrete and stone, 2019, \$mln

Today in FEZ Grodnoinvest 10 companies are implementing their projects in the field of production of building materials. They produce products from natural and artificial stone, building mixtures, facade structures and much more.
