Investments of FEZ residents, 2015-2019, \$mIn

Grodno region processes over 50% of foreign trade flow between the EU and EAEU. This is facilitated by available eastern and western railway gauge, an extensive network of roads, as well as 4 seaports within a radius of 400 km.

By 2025, the trade turnover of FEZ Grodnoinvest due to new residents is planned to be increased to 13 million tons per year.
